Report on review of interim condensed consolidated financial information

To the board of directors of
National Industries Group Holding – KPSC
Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of National Industries Group Holding - KPSC (the “Parent Company”) and its Subsidiaries (the “Group”) as of 30 June 2024 and the related interim condensed consolidated statements of profit or loss and profit or loss and other comprehensive income for the three-month and six-month periods then ended and, interim condensed consolidated statements of changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, “Interim Financial Reporting”. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity.” A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

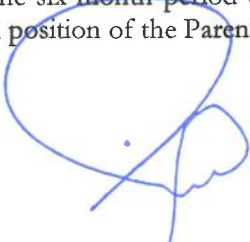

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, “Interim Financial Reporting”.

Report on review of other legal and regulatory requirements

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violation of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Parent Company’s Memorandum of Incorporation and Articles of Association, as amended, have occurred during the six-month period ended 30 June 2024 that might have had a material effect on the business or financial position of the Parent Company.

We further report that, during the course of our review, we have not become aware of any material violations of the provision of law no. 7 of 2010 concerning the Capital Markets Authority and its related regulations during the six-month period ended 30 June 2024 that might have had a material effect on the business or financial position of the Parent Company.

Notes to the interim condensed consolidated financial information

1 Incorporation and activities

National Industries Group Holding – KPSC (“the Parent Company”) was incorporated in 1961 as a Kuwaiti shareholding company in accordance with the Commercial Companies Law in the State of Kuwait and, in April 2003, its legal status was changed to a “Holding Company”. The Parent Company along with its subsidiaries are jointly referred to as “the Group”. The Parent Company’s shares are traded on the Kuwait Stock Exchange and Dubai Financial Market.

The main objectives of the Parent Company are as follows:

- Owning stocks and shares in Kuwaiti or non-Kuwaiti shareholding companies and shares in Kuwaiti or non-Kuwaiti limited liability companies and participating in the establishment of, lending to and managing of these companies and acting as a guarantor for these companies.
- Lending money to companies in which it owns 20% or more of the capital of the borrowing company, along with acting as guarantor on behalf of these companies.
- Owning industrial equities such as patents, industrial trademarks, royalties, or any other related rights, and franchising them to other companies or using them within or outside the State of Kuwait.
- Owning real estate and moveable property to conduct its operations within the limits as stipulated by law.
- Employing excess funds available by investing them in investment and real estate portfolios managed by specialised companies.

The address of the Parent Company’s registered office is PO Box 417, Safat 13005, State of Kuwait.

The Board of Directors of the Parent Company approved this interim condensed consolidated financial information for issue on 13 August 2024.

2 Basis of preparation

The interim condensed consolidated financial information of the Group for the six-month period ended 30 June 2024 has been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

The annual consolidated financial statements for the year ended 31 December 2023 were prepared in accordance with the IFRS Accounting Standards (“IFRS Accounting Standards”) as issued by the International Accounting Standards Board (“IASB”).

The interim condensed consolidated financial information has been presented in Kuwaiti Dinars which is the functional and presentation currency of the Parent Company.

The interim condensed consolidated financial information does not include all information and disclosures required for complete financial statements prepared in accordance with the International Accounting Standards. In the opinion of the Group’s management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

Operating results for the six-month period ended 30 June 2024 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2024. For further details, refer to the consolidated financial statements and its related disclosures for the year ended 31 December 2023.

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies

The accounting policies used in the preparation of this interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2023, except for the adoption of the new and amended IFRS Accounting Standards effective as of 1 January 2024 as described in Note 3.1. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

3.1 New and amended IFRS Accounting Standards adopted by the Group

The following new IFRS Accounting Standards or amendments to existing IFRS Accounting Standards were effective for the current period.

<i>Description</i>	<i>Effective for annual periods beginning</i>
IAS 1 Amendments- Classification of liabilities with debt covenants	1 January 2024
IAS 1 Amendments- Classification of liabilities as current or non-current	1 January 2024
IAS 7 and IFRS 7 Supplier finance arrangement disclosures	1 January 2024
IFRS 16 Amendments- Lease liability in a sale and leaseback	1 January 2024

IAS 1 Amendments - Classification of liabilities with debt covenants

The amendments to IAS 1 clarify that classification of liabilities as either current or non-current depends only on the covenants that an entity is required to comply with on or before the reporting date. In addition, an entity has to disclose information in the notes that enables users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

IAS 1 Amendments - Classification of current or non-current

The amendments to IAS 1 clarify the classification of a liability as either current or non-current is based on the entity's rights at the end of the reporting period. Stating management expectations around whether they will defer settlement or not does not impact the classification of the liability. It has added guidance about lending conditions and how these can impact classification and has included requirements for liabilities that can be settled using an entity's own instruments.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

IAS 7 and IFRS 7 Amendments – Supplier finance arrangements

The amendments to IAS 7 and IFRS 7 added disclosure objectives to IAS 7 to enable the users of the financial statements to assess how the supplier finance arrangements effect an entity's liabilities and cash flows, and to understand the effect of these arrangements on an entity's exposure to liquidity risk and how the entity might be affected if the arrangements were no longer available to it. While the amendments do not explicitly define supplier finance arrangements it instead describes characteristics of such arrangements.

To meet the disclosure objectives, an entity is required to disclose in aggregate for its supplier finance arrangements:

- The terms and conditions of the arrangements

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.1 New and amended IFRS Accounting Standards adopted by the Group (continued)

IAS 7 and IFRS 7 Amendments – Supplier finance arrangements (continued)

- The carrying amount, and associated line items presented in the entity's statement of financial position, of the liabilities that are part of the arrangements
- The carrying amount, and associated line items for which the suppliers have already received payment from the finance providers
- Ranges of payment due dates for both those financial liabilities that are part of a supplier finance arrangement and comparable trade payables that are not part of a supplier finance arrangement
- Liquidity risk information

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

IFRS 16 Amendments – Lease liability in a sale and leaseback

The amendments to IFRS 16 requires a seller-lessee to measure the right-of-use asset arising from a sale and leaseback transaction at the proportion of the previous carrying amount of the asset that relates to the right of use the seller-lessee retains. Accordingly, in a sale and leaseback transaction the seller-lessee recognises only the amount of any gain or loss that relates to the rights transferred to the buyer-lessor. The initial measurement of the lease liability that arise from a sale and leaseback transaction is a consequence of how the seller-lessee measures the right-of-use asset and the gain or loss recognised at the date of the transaction. The new requirements do not prevent a seller-lessee from recognising in any gain or loss relating to the partial or full termination of a lease.

The adoption of the amendments did not have a significant impact on the Group's interim condensed consolidated financial information.

4 Judgement and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2023.

Notes to the interim condensed consolidated financial information (continued)

5 Basic and diluted earnings/(loss) per share

Basic and diluted earnings per share is calculated by dividing the profit/(loss) for the period attributable to the owners of the Parent Company by the weighted average number of shares outstanding during the period as follows:

19 Fair value measurement

19.1 Fair value hierarchy

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to the interim condensed consolidated financial information (continued)

19 Fair value measurement (continued)

19.1 Fair value hierarchy (continued)

Financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

19.2 Fair value measurement of financial instruments

The carrying amounts of the Group's financial assets and liabilities as stated in the interim condensed consolidated statement of financial position may also be categorized as follows:

	30 June 2024 (Unaudited) KD '000	31 Dec. 2023 (Audited) KD '000	30 June 2023 (Unaudited) KD '000
Financial assets:

• Cash and cash equivalents	198,462	201,296	197,088
• Accounts receivable and other financial assets	112,965	98,211	102,059
• Financial assets at amortised cost	10,030	5,197	1,522
	321,457	304,704	300,669
At fair value:			
• Financial assets at FVTPL	400,330	385,839	390,199
• Financial assets at FVTOCI	160,059	164,974	148,726
	560,389	550,813	538,925
Total financial assets	881,846	855,517	839,594
Financial liabilities:			
At amortised cost:			
• Due to banks	17,922	13,603	14,976
• Accounts payable and other financial liabilities	82,370	95,988	90,954
• Lease liabilities	6,796	6,637	7,155
• Borrowings	652,318	634,763	617,579
• Bonds	68,100	68,100	68,100
	827,506	819,091	798,764

Management considers that the carrying amounts of financial assets and financial liabilities, which are stated at amortised cost, approximate their fair values.

The level within which the asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

Measurement at fair value

The Group's finance team performs valuations of financial items for financial reporting purposes, including Level 3 fair values, in consultation with third party valuation specialists for complex valuations, where required. Valuation techniques are selected based on the characteristics of each instrument, with the overall objective of maximizing the use of market-based information.

The methods and valuation techniques used for the purpose of measuring fair values, are unchanged compared to the previous reporting period/year.

19 Fair value measurement (continued)

19.2 Fair value measurement of financial instruments (continued)

a) Quoted securities

Quoted securities represent all listed equity securities which are publicly traded in stock exchanges. Where quoted prices in an active market are available, the fair value of such investments have been determined by reference to their quoted bid prices at the reporting date (Level 1).

b) Unquoted securities (Level 2 and 3)

The consolidated financial statements include investments in unlisted securities which are measured at fair value. Fair value is estimated using discounted cash flow model or observable market prices or other valuation techniques which include some assumptions that are not supportable by observable market prices or rates.

c) Managed portfolios and funds

Private equity funds (Level 3)

The underlying investments in these private equity funds mainly represent foreign quoted and unquoted securities. Information for these investments is limited to periodic financial reports provided by the investment managers. These investments are carried at net asset values reported by the investment managers. Due to the nature of these investments, the net asset values reported by the investment managers represent the best estimate of fair values available for these investments.

Other managed portfolios and funds (Level 2 and 3)

The underlying investments of international managed portfolios and funds represent quoted and unquoted securities. They are valued based on periodic reports received from the portfolio/fund managers.

d) Debt securities

Debt securities mainly represent investment in Ijara sukuk in Pakistan. The fair value of Ijara sukuk is derived using “Pakistan Islamic Revaluation Value” rates. The rates are simple average of quotes received from eight different pre-defined/ approved dealers/ brokers.

Measurement at fair value

The Group measurement of financial assets and liabilities classified in level 3 uses valuation techniques inputs that are not based on observable market date. The financial instruments within this level can be reconciled from beginning to ending balances as follows:

	30 June 2024 (Unaudited) KD '000	31 Dec. 2023 (Audited) KD '000	30 June 2023 (Unaudited) KD '000
Opening balance	226,512	228,603	228,603
Net change in fair value	10,879	3,700	(2,668)
Transferred out level 3	-	(5,675)	-
Net additions during the period/year	363	(116)	(418)
Closing balance	237,754	226,512	225,517

Changing inputs to the level 3 valuations to reasonably possible alternative assumption would not change significantly amounts recognised in profit or loss, total assets or total liabilities or total equity.

20 Fiduciary assets

One of the subsidiaries of the Group manages mutual funds, portfolios on behalf of related and third parties, and maintains securities in fiduciary accounts which are not reflected in the interim condensed consolidated statement of financial position. Assets under management at 30 June 2024 amounted to KD2,999 thousand (31 December 2023: KD2,938 thousand and 30 June 2023: KD3,312 thousand) of which assets managed on behalf of the related parties amounted to KD2,960 thousand (31 December 2023: KD2,900 thousand and 30 June 2023: KD3,014 thousand).

21 Contingent liabilities and commitments

At 30 June 2024, the Group had contingent liabilities in respect of outstanding bank guarantees amounting to KD54,745 thousand (31 December 2023: KD72,722 thousand and 30 June 2023: KD51,948 thousand).

At the reporting date, the Group had commitments for the purchase of investments, the acquisition of property, plant and equipment and investment properties and the incorporation of investment in associates totalling KD23,267 thousand (31 December 2023: KD19,915 thousand and 30 June 2023: KD29,241 thousand).

22 Legal cases

The significant legal cases of the Group are summarised below:

- a) One of the Group's subsidiaries has filed legal cases against one of its customers regarding gross trade receivables of KD43,077 thousand. These are shown in the Group's consolidated financials at its acquisition fair values. During 2023, the court of first instance issued a verdict for one of the cases in favour of the subsidiary which was appealed by the defendant. Management of the subsidiary and their legal advisors believe that a favourable decision of the court is probable and the balance is fully recoverable along with additional compensation. The litigations are at initial stages and the final outcome cannot be determined at present.
- b) During the period, the Court of Cassation ruled in favour of a government entity ordering one of the Group's subsidiaries to settle an amount of USD1.868 million (equivalent to KD580 thousand) for gas usage from 2004 to 2011. The subsidiary had made a provision for this legal dispute amounting to KD2,700 thousand in prior periods. Consequently, during the period, the subsidiary reversed the excess provision of KD2,120 thousand reflecting the updated legal obligation.
- c) During the previous year, the General Manager of the Public Authority for Industry in Kuwait (in his capacity) filed a legal case against one of the subsidiaries requesting eviction from a non-contracted plot of land claiming that the subsidiary is obligated to pay an amount of KD16,185 thousand for utilizing the aforementioned area since 1 April 2007 along with any fees and expenses. This legal case is at its early stages and has been transferred to the experts committee. The next court hearing is scheduled for 10 October 2024. The subsidiary's management (after consulting with external legal counsel) believes that it is not obligated to pay any financial liabilities on that land due to the absence of any contracts with the above government entity. The information usually required by IAS 37, Provisions, Contingent Liabilities and Contingent Assets, is not disclosed on the grounds that it can be expected to prejudice seriously the outcome of the litigation. The subsidiary is planning to strongly contest the legal case and after consulting with their external legal counsel, believes that the claim can be successfully countered.

22 Legal cases (continued)

- d) In previous years, one of the Group's subsidiaries, Noor Financial Investment Company ("Noor"), had Wakala investments of KD14,324 thousand placed with a local Islamic investment company which matured in the last quarter of 2008. The investee company defaulted on settlement, consequently, Noor fully provided for the balance and initiated various legal cases against the investee company which were eventually decided in its favor. During 2019, a settlement agreement was reached transferring 50% shares of Excellent Choice General Trading and Contracting Co. - WLL (acquired company) to Noor.

Prior to the above settlement agreement, the acquired company had filed lawsuits against a local bank ("Bank") seeking return of 33,544,500 shares of Boubyan Bank, transferred by the bank through a sale contract, and associated benefits. The Court of Cession ruled in favour of the acquired company granting fully rights over the transferred shares. As a result, Noor recognised its share of net assets of ECC as an investment in associate amounting to KD8,584 thousand against partial settlement of the wakala investments and recognised a gain on reversal of impairment of wakala investments of KD8,584 thousand in the interim condensed consolidated statement of profit or loss as of 31 March 2023.

Further, in previous years, the acquired company filed a lawsuit against the legal representative of the Kuwait Clearing Company and others regarding the disbursement of dividends from previous years pertaining to the above shares of Boubyan Bank for an amount of KD1,354 thousand, which were held by the Kuwait Clearing Company. The court of first-instance ruling was issued on 24 October 2023 in favor of the acquired company, obliging the defendant to pay the amount of these dividends to the acquired company.

On 18 April 2024, the Court of Appeal upheld the above-mentioned ruling issued in favor of the acquired company. The Group will recognize its share of the amount as income on collection from the defendants.

- e) On 1 December 2011, the Group's Jordanian subsidiary, Noor Jordan Kuwait Financial Investment Company Limited ("the Seller" or "Noor Jordan") disposed of its entire equity interest in one of its Jordanian subsidiaries to nine individual buyers ("the Buyers"). Subsequent to the transfer of shares and control to the Buyers, they filed a case against the Seller claiming misrepresentation in valuing the net assets of the company sold. On 15 September 2022, the Court of First Instance ruled in favour of the Seller. However, the Buyers filed an appeal to the Court of Appeals which ruled to annul the decision and returned it back to the Court of First Instance for review. Later, the Court of First Instance issued another verdict in favor of the Seller. However, this verdict was appealed before the Amman Court of Appeal, which issued its final decision on 5 December 2023 (in absentia) in favor of the Buyers and ordered the Seller and its representatives to jointly pay an amount of JOD2,744 thousand equivalents to KD1,188 thousand. Therefore, the Group had recognised a provision of KD2,377 thousand in the consolidated financial statements for the year ended 31 December 2023 which represented the judgment amount plus the legal interest according to the Civil Procedure Code in Jordan.

Noor Jordan submitted a request at the Court of Cassation to challenge the verdict issued by the Court of Appeal. This request was accepted in January 2024. On 4 April 2024, Court of Cassation issued a verdict and referred the case back to Court of Appeal. On 23 June 2024, the Court of Appeal issued verdict in favor of Noor Jordan dismissing all criminal charges. Consequently, the Group has reversed the provision of KD2,376 thousand in this interim condensed consolidated information for the period ended 30 June 2024.
